14 This bill relates to the reporting requirements for a health
15 care employment agency.

16 Under current law, a health care employment agency is
17 required to submit a report to the department of inspections
18 and appeals on a quarterly basis for each health care entity
19 participating in Medicare or Medicaid with whom the agency
20 contracts that includes both a detailed list of the average
21 amount charged to the health care entity for each individual
22 agency worker category and a detailed list of the average
23 amount paid by the agency to agency workers in each individual
24 agency worker category. The bill eliminates the required
25 reporting of the detailed list of the average amount paid by
26 the agency to agency workers in each individual agency worker
27 category.
